

## Terms and Conditions of Use for Lockers

Based on the Lucerne Central and University Library Regulations (Zentral- und Hochschulbibliothek / ZHB Luzern), the following conditions apply to the use of the lockers at the location of the Lucerne School of Engineering and Architecture:

<sup>1</sup> The lockers at the location of the Lucerne School of Engineering and Architecture are available free of charge to registered users of the library.

<sup>2</sup> The right to use lockers is personal and non-transferable.

<sup>3</sup> Keys for the lockers may be obtained from the library's information desk. The loan is entered in the user account.

<sup>4</sup> The lockers may be used for a period of one month (28 days). Provided the locker has not been reserved, the locker can be extended by library staff. Once the usage period has expired, a reminder will be sent and the locker must be emptied and cleaned within six days.

<sup>5</sup> If the key is returned late, overdue fees will be charged in the same way as for lent media. If there is no response to the last overdue notice, the locker will be opened by library staff and the items taken from it will be treated as lost property.

<sup>6</sup> If the locker key is lost, the user will be charged a fee of CHF 60.

<sup>7</sup> No media from the library that has not been booked or borrowed from the user account may be locked in the lock.

<sup>8</sup> The lockers must be handled with care and protected against damage and soiling. Users are liable for any damage they cause. The library accepts no liability for the objects locked in the lockers.

<sup>9</sup> In the event of breaches of the Lucerne Central and University Library Regulations (Zentral- und Hochschulbibliothek / ZHB Luzern), the right to use the locker can be withdrawn with immediate effect.
